

NDSA REGION DIRECTOR'S REPORT - PART B

REGION 2 DIRECTOR John Studebaker DATE April 21, 2007

Your report will likely be 2-3 pages and should cover the following four key areas. There is no need to report on each individual club beyond the information provided here.

2. NEW CLUB INITIATIVES, BEST PRACTICES, SUCCESS STORIES, CLUB ISSUES

(Report highlights and news worthy stories that we can use on NDSA web site and NDSA Newsletter as well as issues for followup by NDSA Board)

Black Hills – Each month the club provides a birthday party for everyone at a local nursing home to celebrate those birthdays that month. A different family does the party each month.

Black Hills – Has provided a TAP program since the inception of the program at the University. Has grown every year.

Denver – Assists Annunciation School by providing a Christmas party, mentoring, a career day, and other activities throughout the year.

Denver – Have created basketball watches for the last three years, approximately ten games per year. These are held at a local sports bar and generally occur between 5-7 pm due to the time change. Average attendance is 12-14 people.

3. STATUS OF YOUR PERSONAL GOALS AND OBJECTIVES

It is my goal to enroll all of the clubs in region 2 in the Emergency Assistance portion of the Hospital Support Program. Since most of the clubs in the region are small, this portion of the program is more appropriate for their location. In these small clubs it is difficult to fulfill the Alumni Association requirements. Asking them to do separate senior projects wouldn't be well received.

4. VISITS AND KEY INTERACTIONS WITH CLUB LEADERSHIP

(Report any additional information not already reported in Section 3 above)

The Notre Dame vs. Air Force game provided the ideal opportunity to talk with the leadership of all of the clubs in Region 2. The Region 2 meeting was attended by all but one of the clubs in the region. In the past month I have contacted representatives of all the clubs to encourage them to enroll in the Hospital Support Program. Material was emailed to the describing the program.
