

## **NDA Senior Alumni Representative Report**

**October, 2006**

Good Afternoon,

It was a pleasure being with you at our board meeting. I stayed on and participated in the NDSA board meeting. It went very well and I now feel we have good alignment from staff to NDAA board to NDSA board. NDSA now has a clear set of objectives, action plans in place and assignments for all board members to be reported on at the winter meeting. I presented an overall summary at our meeting, but you should all visit the new website [www.ndsenioralumni.org](http://www.ndsenioralumni.org) which was introduced at our meeting. It is very well done and contains all you would want to know about NDSA, its programs, etc. This will be a positive factor in getting more involved across the country. Many thanks to all you regional directors who are working closely with your NDSA teammates in making things happen. This is a key dynamic...

I would appreciate any thoughts on how we can be more effective. We are all in this together!

Peace and good health,

Jim Keegan
